

BA05 - Process Modeling Using BPMN

Length: 2 Day Workshop

Course Description:

Learn to map your business processes easily and efficiently using the industry standard - BPMN which stands for Business Process Modeling Notation from the Object Management Group (OMG). You will learn the best practices in process mapping using the latest industry standards (BPMN) so that both the business and IT stakeholders will be able to understand the models and map processes consistently through-out your organization. **Included:** Full Student Guide BPMN v2.0 Poster BPMN Templates

Audience:

Project Managers, Business Analysts, Business and IT stakeholders working with analysts
